

# WMC Cornwall Bank Holiday Climbing & Walking Weekend 4<sup>th</sup> May – 7<sup>th</sup> May 2018

Staying at the Trevaylor Caravan and Camping Park close to St. Just and ideally located for the popular climbing areas of Bosigran and Sennen as well as the coastal and many inland paths for the walkers. The website <http://www.cornishcamping.co.uk> contains all the accommodation options and tariffs for all of your requirements, but unfortunately not what the weathers going to do!!

Please mention WMC when booking and they will endeavour to make sure that we are all in the same area, this may be a benefit to all those who wish to avoid the snoring fraternity amongst us!!! A number of people are also planning to extend the weekend by travelling on the Thursday – please let me know if you need to contact anybody.

There is a restaurant on the campsite, which is convenient and serves good homemade food. If a pub is more your thing, there are a number of good local pubs within walking distance.

For the walkers, there is the South West coastal path which runs close to the

campsite and a number of variations of this can be walked depending on your interest and energy levels. There are also many inland paths waiting to be discovered along with the industrial past, ancient stone circles or sites of worship and you never know there might be a cache there!!

Cornwall is justifiably famous for the quality of its climbing on lovely rough Cornish granite and when the sun is out there is no better place to be. There are also many smaller less well known climbing venues to be experienced if the popular areas are busy or you had too many Doombar's and want to take it easy!!

Contact Stu Sherwood for any further details or to order your breakfast!
