WRENN MOUNTAIN CLIMBING CLUB

**Climbing glorious granite sea cliffs, plus walking on coastal paths.**

**Friday May 3rd to Monday 6th May, 2019**  
**Botallock, Nr Penzance.**

### Directions

M5 south, all the way to Exeter. Then onto the A30, all of the way to Penzance. That's the easy bit. Follow the A30 all of the way around the Penzance Ring Road to join the A 3071 to St Just. From St Just take the B3306, 1 mile, to Botallock.

**It's a long way so sort yourselves out into groups so that you can share the driving and costs. A long way, but well worth it.**

### Campsite

Trevaylor Campsite is in Botallock and further information can be found at [www.cornishcamping.co.uk](http://www.cornishcamping.co.uk) **You need to book your Campsite.** The club has been here many times and are welcome. The Campsite is fully appointed with its own bar and warm showers. Plenty of space for your tent. The village has another pub that serves great food.

Just a mile down the road is St Just that has a selection of further pubs and a small supermarket for food. Don't forget to check out the Tribute Ale from St Austell Brewery.

### The Climbing

The club has all of the climbing route books but there is so much that you might want your own by the end of the weekend. Climb at Bosigran, Sennen, Chair Ladder to name but a few. Lots of cliffs to choose from and as they go around the Lands End Peninsula there will always be somewhere that is out of the weather, sea spray. Tide times for Cape Cornwall [www.bbc.co.uk/weather/coast/tides/tides.shtml?date=20090224&loc=0547A](http://www.bbc.co.uk/weather/coast/tides/tides.shtml?date=20090224&loc=0547A)

This is a great way to test out all of the training that you have been working so hard on indoors all winter and to get some sun on your back. Don't forget the Suncream.
